Dean's Message

Dear Students and Dear Readers,

Today, the degree of development of a society is closely related to the qualities of the higher education system. The history of the Faculty of Nursing, which is privileged to be part of the Near East University, which is a distinguished and developed higher education institution that operates in an international identity with its high level of educational opportunities and competent teaching staff, is based on a deep-rooted past. The school is the first educational institution in the TRNC to provide nursing education at undergraduate, graduate and doctoral levels. Our school, which was previously within the Faculty of Health Sciences, was structured as the Faculty of Nursing in 2018 and became the first Faculty of Nursing in the TRNC.

In line with the vision of Near East University, our Faculty has gained scientific understanding and can transform their knowledge into skills in the professional field; Nurses with sufficient knowledge and skills to provide comprehensive and modern nursing services in health institutions in the TRNC, Turkey and third countries; Manpower capable of conducting research and examination in the field of nursing within a scientific framework; It aims to train nurses who have the awareness of protecting, developing and improving public health and who will work in the fields needed by the institutions and organizations in the country.

The mission of our faculty is to protect, develop and maintain the health of the individual, family and society; to develop and conduct basic nursing education and services by using science and technology-based approaches and methods in developing care, education, research, management, consultancy and leadership roles; Its vision is to be a leading nursing education institution that is recognized and preferred nationally and internationally with its students, faculty members, educational programs and research.

One of the most important measures of a university's quality is qualified undergraduate and graduate education. Since its establishment, our faculty has maintained quality nursing education and has made significant contributions to meeting the country's need for nurse workforce. Graduate education forms the basis for research and knowledge production in the training of new faculty members. In this context, our faculty pioneered the initiation of master's and doctoral education in the TRNC. Near East University Faculty of Nursing provides services at the international level, and foreign students from various countries are still studying at undergraduate, graduate and doctoral levels, and these students are offered the opportunity to study in English.

Our faculty is qualified to enable educational activities to be carried out at advanced standards. Our school has classrooms with advanced educational tools and equipment and a well-equipped laboratory where students can perform nursing practices. Students have the opportunity to perform clinical practices required by their courses at the Near East University Hospital, which is carried out in accordance with international standards, equipped with advanced technology, and honoured with many prestigious international awards.

In today's world where science and technology are developing at a dizzying pace, I wish you a successful and productive academic year with the belief that our faculty will continue and develop its qualified studies in the fields of education and research.

Prof. Dr. Ümran Dal Yılmaz

Dean of the Faculty of Nursing

About us

Near East University (NEU) Faculty of Nursing started its four-year undergraduate and graduate education in the 2007-2008 academic year as NEU Faculty of Health Sciences, Department of Nursing. Since 2008, Doctorate education in Nursing has started. Since 2018, education and training have continued as the Faculty of Nursing. Our faculty has become a large faculty serving over 1300 students with its Turkish and English Program.

Near East University, which has an international identity with its educational opportunities and strong teaching staff, has a deep-rooted educational tradition. It has been a centre of education, science and culture since 1988. Near East University operates in an international and multicultural identity with its world-class education and infrastructure facilities as well as its competent teaching staff. Standing out with its identity as the most important science and culture centre of the Mediterranean, Near East University has adopted the principle of raising its students as self-confident, rational, creative, innovative, researcher and free-thinking individuals who hold their responsibility above all else.

With this vision, Near East University; achieves significant success at the international level. In the Times Higher Education (THE) World University Rankings in 2025; Being in the 601-800 band, it maintained its title of "the best university in the TRNC" and strengthened its place among the top five universities in Turkey and among the top three among foundation universities. In the "Best Global Universities 2024–2025" list of the US-based US News & World Report, Near East University ranks 689th worldwide, 7th in Turkey and 1st in the TRNC.

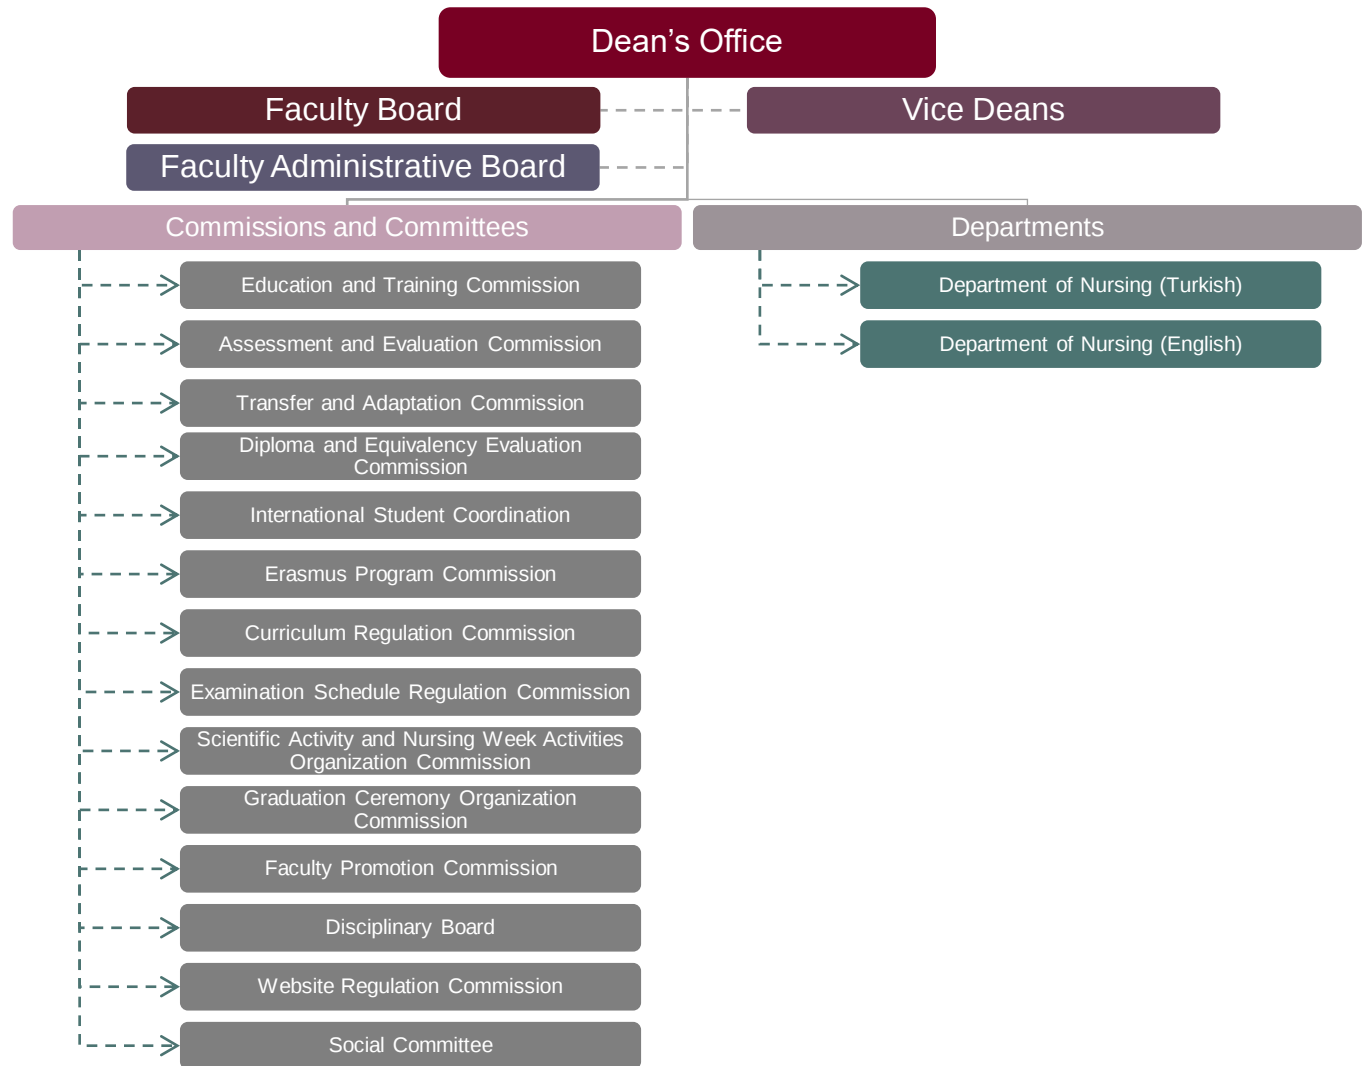

According to the results of THE's 2025 Impact Rankings, our university ranked 43rd in the world for its work towards the United Nations Sustainable Development Goals, 35th in the "Partnerships for the Goals" category, 48th in "Health and Well-being", 13th in "Quality Education", 15th in "Sustainable Cities and Societies", and 57th in "Gender Equality". Physical Sciences 200-250, Computer Science 250-300, Engineering and Education 300-400, Social Sciences 500-600, Life Sciences 600-800, Medicine, and Health 800-1000, and shared the title of "best Turkish university" in Turkey and TRNC, especially in the fields of Physics and Computer Science.

With its performance in teaching, research, and international outlook, including THE Young University Rankings 2024, the university has also gained a strong place among young universities.

The 2024 ranking results revealed the young, dynamic, and research-oriented structure of Near East University at the international level. In the "Young University Rankings 2024" published by Times Higher Education (THE), our university ranked 139th among universities under the age of 50 globally and was among the prominent institutions among young universities.

Our university has also achieved a significant success in the 2024 Field-Based Academic Ranking published by Shanghai Ranking. Near East University, which is among the top 400 universities in the world in the field of physics, has been shown among the best universities in Turkey in this field, together with Boğaziçi University and Bilkent University. In the field of mathematics, it is in the 401-500 band and is in the top three in Turkey. These degrees reflect Near East University's strong research infrastructure in the field of basic sciences, qualified academic staff and globally accepted publication performance.

Faculty Organization Chart

Why Faculty of Nursing?

The Faculty of Nursing, with its competent and experienced academic staff, provides a qualified educational environment to our valued students by offering constantly updated programs in accordance with the requirements of the age.

The undergraduate program and lateral transfer opportunities within the faculty allow you to discover your own interests and talents, while contributing to your access to a wide range of careers at national and international level after graduation.

In our faculty, where both Turkish and English options are offered as the language of instruction, especially English programs prepare you for the global labour market and increase your employment chances in international institutions and organizations.

Strong communication between academic, administrative staff, and students lets you share your feedback or concerns about education directly with your advisors and faculty administration.

Our faculty not only supports your academic development but also aims to empower you socially through organized social events and club activities. The faculty administration supports the entrepreneurial spirit of student clubs and contributes to the development of our students' leadership skills through social responsibility projects.

In addition, the peaceful campus life of Near East University, combined with the modern infrastructure of Near East University and the cultural richness of Cyprus, offers a productive education and living environment that will support your individual development.

PROGRAM ECTS SUMMARY	
COMPULSORY COURSES	203
ELECTIVE COURSES	37
TOTAL ECTS REQUIRED TO GRADUATE FROM THE PROGRAM	240

Additional Information

COURSES OFFERED THROUGHOUT THE UNIVERSITY

	<u>COURSE CODE AND NAME</u>	<u>COURSE INFORMATION</u>
UNIVERSITY COMMON COURSES	Campus Orientation	To get acquainted with campus life at NEU, students enrol in this course at the beginning of the first semester of their freshman year.
	Career planning	Students will start their business life after graduation. They enrol in this course at the beginning of the second semester of the first year to prepare.
	History and Culture of Cyprus	This course is taken by students in their freshman year and aims to help them get to know the local history and culture.
COMMON COMPULSORY COURSES DETERMINED BY YÖDAK	Turkish Language I-II	These courses are compulsory courses to be opened in all associate and undergraduate programs in Turkey according to the Higher Education Legislation.
	Atatürk's Principles and History of Turkish Revolution I-II	These courses are subject to Higher Education Legislation. These are the courses that must be opened in all associate and undergraduate programs in Turkey.
	Foreign Language (English) I-II	These courses are offered in the first and second semesters and are offered in the program of each faculty. It is carried out according to the curriculum

Graduation requires 240 ECTS credits. Nursing students must complete technical and non-technical elective courses to provide a total of 240 ECTS credits. Otherwise, they will not be deemed to have fulfilled the requirements to graduate from the program.

If you need support to access these courses due to any disability, please contact the Accessible Support Unit. Contact: engelsiz@neu.edu.tr

Exam Guidelines, Assessment and Grading

As a result of the evaluation made by the academic staff teaching the course for each course taken at NEU, students are given one of the letter grades explained below. There is an ECTS weight for each letter grade.

The table below provides information about letter grades, weights and ECTS equivalence:

GRADE RANGE	LETTER NOTE	WEIGHT	ECTS GRADE
90-100	AA	4.0	A
85-89	BA	3.5	B*
80-84	BB	3.0	B*
75-79	CB	2.5	C*
70-74	CC	2.0	C*
60-69	DC	1.5	D
50-59	DD	1.0	E
49 and below	FF	0.0	F

*Higher weight is applied for starred letter grades.

In order to be considered successful in any course, students must have at least DD in 5th level (associate) and 6th level (undergraduate) programs, at least CC in 7th level (master's) programs and 8th level (doctorate) programs must also get at least CB. For courses that are not included in the GPA, students must get an S (Satisfactory) grade.

In addition to these, each local letter grade also has an ECTS grade. In this way, mobility between institutions is supported.

The table above is used for all courses within NEU. Apart from these letter grades, the following letter grades are also recorded in the student course transcripts:

I	Incomplete
S	Satisfactory Completion
U	Unsatisfactory
P	Successful Progress
NP	Not Successful Progress
EX	Exempt
NI	Not included
W	Withdrawn
NA	Never Attended

The grade I (Incomplete) is given to students who fail to fulfil the requirements of the course by the deadline of the relevant semester for a valid reason acceptable to the academic staff teaching the course. Students who receive an I grade will be able to submit all missing grades no later than one week after the deadline for submitting the course grades of the relevant semester.

obligations. However, in some exceptional cases, this period is two weeks from the start date of the next semester with the decision of the relevant academic unit manager and the board of directors.

It can be extended to before. Students who do not fulfil their obligations on the given date will automatically change their I grades to FF or U.

The grade of S (Satisfactory) is given to students who are successful in non-credit courses.

U (Unsatisfactory) grade is given to students who fail non-credit courses.

P (Successful Progress) grade is given to students who are not included in the GPA and whose obligations exceed one semester and who can show the expected performance in the relevant semester.

NP (Not Successful Progress) grade is not included in the GPA and the obligations are a

It is given to students who cannot show the expected performance in the relevant semester in courses exceeding the semester. EX (Exempt) grade is given to students who are exempt from the relevant course in the program.

NI (Not included) grade is given for the performance of the students in the courses they have taken but are not included in their GPA. These grades are stated in the student's transcript, but are not included in the courses taken within the framework of the program they are enrolled in.

A grade of W (Withdrawal) is given upon the recommendation of the student's academic advisor and the permission of the academic staff who issued the course, if the student withdraws from the course after the add/drop date in the relevant semester and up to 10 weeks after the start of the semester. The student cannot withdraw from any course

in the first two semesters of the program. In addition, those who have received a W grade in any course before and whose grade is not included in the average

Students cannot withdraw from the same courses again. Students studying in associate degree programs can withdraw from a maximum of two courses, and students studying in undergraduate programs can withdraw from a maximum of four courses. The student must retake this course in the first semester of the course from which the course is offered.

NA (Never Attended) grade is given to students who do not fulfil the attendance requirements for the specified course and lose the right to participate in the evaluations to be held at the end of the semester. NA grade is not included in the average calculation.

Letter grades corresponding to both national and ECTS loads are shown in student transcripts.

Graduation Requirements

To graduate from this undergraduate program, students must fulfill the following requirements:

- To be successful in all courses in the curriculum of the program by getting at least 240 ECTS and at least DD/S grades.
- To have a Weighted Grade Point Average (CGPA) of 2.00 out of 4.00.

Academic Calendar

In this section, you can find important dates that apply to the respective academic year. Academic calendar; It contains critical information about course registrations, semester start and end dates, exam weeks, holidays and other academic processes.

It is highly recommended that students carefully review the calendar and follow the dates in order to make their academic planning in a healthy way. You can also get the calendar, which is updated at the beginning of each semester, from the faculty website or student affairs unit.

2025-2026 Fall Semester

August 24-28, 2026; Monday-Friday	Diploma Delivery

Registration and Admission Procedures

Student Affairs locate in the Communication Faculty building and is open Monday-Friday from 08:00 to 17:00. Students can get information about faculties from student affairs, register, and provide documents such as exam entry documents, student certificates, and transcripts.

Registering for Courses

Registration for courses is done online every semester. After making their semester fee payments, students can take their courses from the online registration system <http://ogrsis.neu.edu.tr>. Each student receives a student ID and password from the faculty secretariat to access the site. After students choose their courses online through the system, they must be approved by their advisors through the system. The relevant registration process is also available on the university's website. However, students whose tuition fees are not paid and who do not submit their receipts to the Student Affairs Office cannot make active transactions in the online system. The registration process is completed by the department's advisors.

In addition, course registrations are also carried out together with advisors in the relevant departments. Students can meet with their advisors within the date ranges specified in the academic calendar, get information about their courses and choose courses.

Add/Drop and Course Withdrawal

Course Add/Drop and Course Withdrawal days are determined for each semester and announced in the academic calendar. During this period, students have the opportunity to attend the courses they are enrolled in and change their courses by adding or dropping them if they wish. Withdrawal/course change/course addition is limited to the period specified in the academic calendar. Students can meet with their advisors and perform the transaction they request.

Horizontal-Vertical Transfer

Students who want to transfer by horizontal and vertical transfer must apply to the Student Affairs Office. After the student's application is approved, he/she must bring his/her transcript from the university he/she came from to the department he/she was accepted to. Before starting the student's education, it is examined by the Department Head/Dean and the appointed advisor whether the courses taken at the previous university are considered equivalent to the courses in this department. (You can review the rules of the Council of Higher Education and university legislation regarding the transfer rules to the Near East University for citizens of the Republic of Turkey at the specified addresses:

<https://neu.edu.tr/wp-content/uploads/2021/12/14/undergraduate-transfer-14.12.2021.pdf>

Communication with Instructors

Topic	Explanation
Course Materials and Contents	All course materials, weekly content and announcements are shared on the UZEBIM platform: https://uzebim.neu.edu.tr/?lang=en
Contact by E-mail	Instructors can be contacted via their institutional e-mail addresses.
Face-to-Face Meeting	4. It can be met during the office hours specified on the doors of the lecturers.
Academic Staff Information	You can find the CVs and contact information of the academic staff at: https://hemsirelik.neu.edu.tr/people/academic-staff/?lang=en

Students' Participation in the Course and Excuses

Students must attend at least 70% of the course hours for each course. Medical reports obtained from the Near East Hospital or state hospital are considered valid for the excuse of absence. If a student cannot take any exam, he/she must bring his/her report within 3 working days following the exam date; Otherwise, the student loses the right to take the make-up exam. Students are required to follow the make-up exam schedule on the university's announcements page or the instructor's personal page. If a student misses the pre-announced excuse exam date, he/she loses his/her right to take the exam.

Student Affairs

The Student Affairs Registrar's Office and Student Accounting Units are responsible for keeping the records of students regarding their student processes from the first registration to graduation, informing them about the payment processes, guiding the students within the framework of the relevant regulations and managing the student documentation processes.

Registration acceptance procedures (pre-registration, final registration, course registration, etc.), student document procedures (student certificate, transcript, etc.), transfer procedures, immigration procedures, military service postponement, deregistration/dismissal, academic leave procedures, student ID card application, student petition acceptance, TRNC-YÖKAS transactions (higher education registration system), student information system update

procedures, student affairs official correspondence, student announcements and graduation procedures (Graduation Certificate / Diploma / Graduate Transcript Document, etc.) are carried out.

Our Student Affairs Accounting unit; student tuition investment transactions (tuition fee, social activity, internship, stamp, transcript fees, etc.), payment method options (cash or instalments), determination of student status (active, passive student, etc.), semester registration procedures, master's and doctoral course approval, midterm/final/make-up exam entry document approval and accounting petitions are evaluated.

Student Affairs Working Hours:

It covers Monday – Friday 08:00 – 17:00. Closed on public holidays.

Student Affairs Contact Information:

Director of Student Affairs: Rana Serdaroglu Tezel

Phone: 0392 223 64 64 / Ext. 5141

E-mail: rana.serdaroglu@neu.edu.tr

Life on Campus

Library

Located right across the Faculty of Economics and Administrative Sciences building, the Grand Library has 1,000,000 open shelves and more than 150,000,000 electronic journals, 7000 DVDs, 17 movie viewing booths, 12 individual and group study rooms, 4 lecture halls for 1000 people, a theatre for 350 people, a cafeteria for 600 people and 600 desks. As such, it is a world-class cultural information-access centre. The Grand Library is open 24 hours a day and free of charge. Equipped with the latest digital technology, the Information centre can be accessed from anywhere via the internet. The desired information can be accessed via the wireless computer network on campus.

Social Activities and Clubs

During their education, students can also attend conferences organized by the school from time to time and engage in social interactions by participating in club activities. Some of the clubs operating within the school are Law Club, Nature and Sports Club, Scientific Research and Health Club, Theatre Club, Photography Club, Tango Club. Detailed information about the clubs can be found at <https://neu.edu.tr/kampusteyasam/sosyal-ve-kulturel-kulupler/>. In addition, students can follow the school's website to get information about frequent conferences.

The university features an Olympic indoor swimming pool that spans 2,700 square meters, stands 16 meters tall, measures 50 by 21 meters, holds 3,100 tons of water, and is centrally heated. It accommodates 1,000 spectators and includes diving towers at 3, 5, 7, and 10 meters.

It has interior equipment. With these features, it is the first and only Olympic Indoor Swimming Pool in the country. With its commissioning, swimming courses are organized in summer and winter. You [can check the https://neu.edu.tr/kampusteyasam/olimpik-kapali-yuzme-havuzu/](https://neu.edu.tr/kampusteyasam/olimpik-kapali-yuzme-havuzu/) address for hours and detailed information.

Psychological Counseling Service

The university has been providing free psychological counselling services to students since 1995. The Counseling Center is located on the first floor of the Faculty of Law building. The center works with an appointment system and provides service between 9:00 and 13:00 and 14:00 and 16:00 every weekday.

Dean of Students

The Dean of Students aims to create the necessary environment for a productive, active and quality university life where our students and graduates integrate with the university, feel the support of the university in every field for their personal, cultural, social and professional development, solve all kinds of problems, and experience the happiness and pride of being a Near Easterner. The Dean of Students is an integral part of the education of Near East University; By providing services, programs and various opportunities, it supports our students in preparing them for life, contributing to their knowledge as well as documents, and instilling a sense of confidence in the hands that will build the future, as well as providing them with a profession.

Student Counseling and Communication Unit, Psychological Counseling Unit, Student Activity Unit, Neudeas Unit, Career Planning Unit, Social Responsibility Projects Unit, Disabled Students Unit and Alumni Unit are our units affiliated to the Dean of Students.

If you need support to access classes due to any disability, please contact the Accessible Support Unit. Contact: engelsiz@neu.edu.tr

Student Counseling and Communication Unit

When students encounter situations where they cannot fulfil their academic obligations due to uncontrolled and unexpected reasons from time to time, they can share all their problems and troubles through the online petition system, and their petitions about refunds, academic issues, job applications, dormitory issues and financial issues via petitions@neu.edu.tr e-mail address, and students are helped to solve their problems.

Sports Facilities

The rich sports facilities on our university campus offer students, academics and all employees the opportunity to adopt and develop a healthy life. Our modern facilities, including an Olympic-sized swimming pool, tennis courts, football field, gymnasium, and indoor and outdoor sports halls, provide an ideal environment for anyone who wants to engage in various sports.

Our facility, which is the first and only Olympic indoor swimming pool in our country, is equipped with a spectator capacity of 1,000 people, modern interior equipment and a cafeteria. In addition to various sports activities such as water polo, tower jumping and water ballet, swimming courses are also organized here.

The Sports Tower, on the other hand, is a sports center that appeals to all age groups and is equipped with the latest technological devices accompanied by expert trainers. While sports opportunities are offered in many branches such as fitness, step, aerobics, spinning, TRX, Kangoo Jumps, Total Body; Session groups such as pilates, yoga, boxing, karate and special dance trainings are also provided. There are also sports nutrition and dietitian services, as well as special sections for children and women.

The RA25 Sports Hall, on the other hand, allows the organization of sports branches such as basketball, handball, volleyball and badminton, and also hosts various ceremonies and concerts with its special sound system.

You can find detailed information about sports activities on the website:

<https://neu.edu.tr/campus-life/sports/?lang=en>

<https://neu.edu.tr/wp-content/uploads/2018/12/21/spor-kule-brosur-21.12.18.pdf>

Atatürk Culture and Congress Center (AKKM)

Near East University focuses on quality education and has established the Atatürk Culture and Congress Center on campus to support this aim. This modern center has been carefully designed to host congresses, seminars, meetings, conferences and cultural events at national and international levels.

AKKM serves as a platform that will appeal not only to students but also to academics, experts and large communities. Meeting rooms of various sizes are equipped with modern audio and video systems. Enriched with art exhibitions, concerts, theatre performances, and other cultural events, campus life enables students, staff, and the community to interact not only with classes but also with culture and art.

You can find detailed information on the institution's website:

<https://neu.edu.tr/campus-life/ataturk-culture-and-congress-centre/?lang=en>

Restaurants and Cafeterias

The Near East University campus boasts numerous dining facilities designed to cater to various needs. Various facilities such as the Central Cafeteria, Faculty Cafeteria, Hospital Cafeteria, and other units that can serve 4,500 people at a time provide high-quality and budget-friendly food and beverage options from students to staff and outside visitors. A total of 22 cafeterias, cafes and restaurants on campus promote a healthy eating culture; It offers a wide range of dishes, including vegetarian and vegan alternatives.

These services and units;

Cafe Hospital 1, Cafe Hospital 2, Cafe Bigla, Cafe Dental, Cafe Ecza, Cafe Saray, Chicken House, Cafe Library, Cafe Bridge, Cafe Veterinary, Gusto Cafe, Cafe Health, Vitamin Cafe, Cafe 535, Cafe AKKM, Book Cafe, Cafe Laundry, Hospital Restaurant, Kebab House, Pizza Pizza, The Kaffo, Bakery and Patisserie and 9. Floor Restaurant.

For detailed information, you can visit our university's web pages:

<https://neu.edu.tr/campus-life/canteens-and-cafeterias/?lang=en>

Market & Supermarket

İKAS Supermarket

İKAS Supermarket on our campus provides service with a rich product range and wide working hours to meet all kinds of needs of campus residents. In addition, there is an İKAS supermarket branch under the 1st dormitory building on campus that can meet the needs of our students.

Working Hours:

Weekdays/Weekends: 7:30-22:00

IKAS Supermarket Express

IKAS Supermarket Express, which provides service within the Near East Fuel on the Near East Campus, is open 24/7. The IKAS Supermarket discount given to the employees of the Near East Enterprises is also valid in this market.

NEU Event Park Drift Area

Neu Event Park Drift Area, which opens its doors for those who want to experience speed, control and excitement together, promises an unforgettable driving experience. Accompanied by two professional instructors who are experts in their fields, you can not only learn how to drift but also improve yourself in safe and effective driving techniques at Neu Event Park. Details such as tires and gasoline are included in the training packages. Lesson duration is 30 minutes.

Neu Event Park offers 4 different training packages that meet different expectations. Moreover, there is an opportunity for families who want to instill their passion for cars at a young age: The little ones can also get behind the wheel with the manual vehicle driving course specially designed for children aged 6-12!

Guests from abroad are offered the chance to learn the basics of drifting in a short time with accelerated programs of 3 lessons.

All participants who successfully complete the training programs (except for tourist guests and children's programs) receive a certificate of participation documenting this special experience.

Special events such as birthdays and concerts are also held at NEU Event Park Drift Area.

Working Hours:

Weekdays 16.00-21.00

Weekend 09.00-21.00

Flexibility can be provided in closing times in line with special events or requests.

For more detailed information about packages and pricing:

Phone: 0548 821 21 24

Accessible Cinema Hall

The renovated "Accessible Cinema" hall of the Faculty of Communication of Near East University offers a modern and accessible experience for cinema enthusiasts and event participants. The hall, which was brought to life in 1997

with the contributions of Telsim and underwent a comprehensive renovation process this year, is now much more equipped and comfortable.

The Barrier-Free Cinema, which has a fixed seating capacity of 40 people, draws attention with its flexible structure that can be expanded up to 60 people if needed. There is a state-of-the-art projector for movie screenings and inputs compatible with all computers. The powerful speaker system takes the sound experience to the highest level.

A key feature of the hall is the accessible ramp, which provides uninterrupted entry from outside the building to the seating area for individuals with disabilities. In this way, all moviegoers can have an enjoyable experience without encountering any obstacles.

The Barrier-Free Cinema also has suitable physical conditions for mini workshops and various activities.

İKAS Patisserie & Bakery

İkas Patisserie & Bakery, one of the favorite places of the Near East University campus, welcomes its guests with its rich tastes and pleasant atmosphere. The business, which has a total seating capacity of 40 people, allows you to have pleasant moments both indoors and outdoors with its indoor area for 20 people and an outdoor area for 20 people.

In addition to meeting all the in-house cakes, pastries, pastries, desserts and ice cream needs of Near East University, İkas Patisserie & Bakery also offers fresh and delicious products to its guests from outside. Soon, it will finish expanding its kitchen and begin baking its own bread. In addition, diet desserts and drinks that can be consumed before and after training, special for athletes, will be produced for sale for those who care about healthy living.

Appealing to all tastes with its wide range of hot and cold drinks, İkas Patisserie & Bakery also takes special cake orders for birthdays and other celebrations.

The garden of the business is designed for you to have a pleasant time throughout the year. You can enjoy the garden under cool canopies in summer and by the cozy stoves in winter.

Offering parking facilities for its guests, İkas Patisserie & Bakery invites those who want to have a peaceful breakfast especially on weekends. You can make a great start to the day with a rich selection of classic and English breakfasts served until noon on Saturdays and Sundays.

Working Hours:

Weekdays/Weekends: 07.00-01.00

Photocopy Services

Photocopy and printout services are provided at various points for Near East University students and staff. These campus-wide centers aim to provide fast and reliable solutions in line with students' educational and academic needs.

There are photocopy centers especially in faculties that may need intense output, such as the Faculty of Architecture, the Faculty of Medicine and the Faculty of Education. These centers offer services for special printing needs such as large format AutoCAD printouts for architecture students.

In addition, thesis binding opportunities, which are an important service for students in the thesis preparation process, are also among the services offered. In addition to basic services such as copying and printing, document scanning and various binding options can also be found. There is stationery in the Near East Library where you can get services such as photocopying and thesis binding.

Cyprus Printing Global

Hospital Branch: 0546 990 01 03

Education Palace Branch: 0546 990 01 04

Faculty of Architecture Branch: 0546 990 01 05

Nuroğlu Stationery (Library) : 0533 866 89 36

Bank & ATM

There are branches of Near East Bank and Türkiye İş Bankası and Ziraat Bank's ATM on our campus. These bank branches and ATMs are accessible on campus so that our employees and students can easily carry out their financial transactions.

Mail

The Post Office provides postal service to Near East University students and all employees; It is located on campus so that they can easily send and receive mail.

Place: Faculty of Economics and Administrative Sciences Ground Floor

Near East Fuel

The fuel station located on campus enables employees to meet their fuel needs quickly and practically. In addition, with the Near East Fuel discount card, all Near East University employees benefit from fuel services at a discount.

You can find detailed information about Near East Fuel on the institution's website:

<https://yakindoguakaryakit.com/>

Useful Phone Information

To get more details about the telephone information at Near East University and to learn the contact numbers specific to the department or service you need, you can access detailed information on the institution's website:

<https://neu.edu.tr/phone-directory/?lang=en>

Campus Traffic Rules and Safety

The Near East University campus is subject to traffic rules determined for the safety and comfort of our students, employees and visitors. Traffic rules are inspected 24/7 by NEU personnel and penal action is taken when necessary.

A thorough understanding and implementation of these rules will contribute to creating a safer campus environment together.

Traffic Flow and Priority: Traffic flows from the left lane on the NEU campus. Therefore, vehicle drivers must use the left lane and follow the rules of giving way so that other drivers can proceed comfortably.

Pedestrian and Bicycle Priority Campus: Give priority to people walking or cycling at pedestrian crossings and bicycle paths. Reduce your speed and proceed carefully in these areas to provide a safe environment for pedestrians and cyclists.

Speed Limit: The maximum speed limit within the campus is 40 km/h. Adhering to this limit makes a significant contribution to preventing accidents and ensuring overall safety.

Horn and Loud Noise: Honking and listening to loud music are prohibited on campus. Following these rules helps you maintain the peace of mind of the people around you.

Traffic Signs and Road Indicators: Traffic signs and road indicators are placed at multiple points on campus to ensure a safe and orderly traffic flow. Complying with these signs is important to ensure a safe flow of traffic.

Routes and Parking Areas: Using designated routes within the campus supports safe driving within the campus. Vehicles must be parked in designated parking areas and in accordance with the rules.

Inspection and Security: Traffic inspections are carried out regularly. There are security personnel who supervise traffic rules on campus. Please follow the directions of these personnel and ask for help when necessary. Adhering to security measures helps ensure smooth on-campus transportation. Everyone's respect for these rules will allow for a more peaceful and safe working environment on campus.

Transportation Services

Near East University provides comfortable and free transportation opportunities to its employees, providing easy access to the campus and surrounding areas. The transportation services of our university include routes arranged in accordance with the course and working hours of the employees. Free university buses from our campus to various regions and the city centre offer an extensive transportation network. This service aims to promote eco-friendly and shared transportation by reducing vehicle usage. Free transportation services provide important support to make life easier for employees.

Campus-Nicosia, Nicosia-Campus Flights: Our employees can safely and comfortably travel between the campus and Nicosia with the Campus-Nicosia and Nicosia-Campus reciprocal flights organized between 06:45 in the morning and 22:15 in the evening. These flights are spread over wide routes. You can find detailed information about transportation service information and routes on the institution's website: <https://bus.neu.edu.tr/>

Free Intercity Shuttles: Near East University offers free shuttle services for employees coming from different regions such as Kyrenia, Famagusta and Güzelyurt. These shuttles are organized to ensure that employees reach the campus comfortably.

On-Campus Shuttles: There is a free shuttle service between the lodgings area and the faculty and other units on campus. These shuttles allow employees to access them quickly and easily within the campus.

Ease of Transportation within Walking Distance: The Near East University campus is planned in such a way that employees can safely reach many places within walking distance. The distances between classrooms, library, dining hall and other important points are designed to allow users to reach them in a short time. In order to encourage physical activities and minimize the need for motorized transportation, the campus has been carefully designed in its design. Additionally, we enable employees to travel with environmentally friendly options through various alternative modes of transportation such as bicycles and electric scooters.

With these transportation facilities, Near East University makes it possible for its employees to easily access activities and resources on campus. Near East University offers its employees a safe transportation network on its campuses spread over a wide geography, while supporting employees to continue their work and private lives in the most efficient way.
