Message from the Dean

Dear Students and Esteemed Readers,

Nowadays, the level of development of a society is closely linked to the quality of its higher education system. The Faculty of Nursing, which enjoys the privilege of being part of Near East University—a distinguished and advanced higher education institution operating on an international scale with high-quality educational opportunities and a highly qualified teaching staff—has a history rooted in a long-standing tradition. The faculty holds the distinction of being the first educational institution in the TRNC to offer nursing education at undergraduate, postgraduate and doctoral levels. Previously part of the Faculty of Health Sciences, our faculty was established as the Faculty of Nursing in 2018, becoming the first Faculty of Nursing in the TRNC.

In line with the vision of Near East University, our Faculty aims to produce nurses who have acquired a scientific understanding and are able to translate their knowledge into professional skills; who possess the necessary knowledge and skills to provide comprehensive and modern nursing services in healthcare institutions in the TRNC, Turkey and third countries; It aims to train nursing staff capable of conducting research and studies within a scientific framework; nurses who are conscious of the need to protect, develop and improve public health, and who will work in the areas required by institutions and organizations within the country.

The mission of our Faculty is to develop and deliver fundamental nursing education and services by utilizing science- and technology-based approaches and methods in the protection, development and maintenance of the health of individuals, families and society; and in the development of roles in care, education, research, management, consultancy and leadership; whilst its vision is to become a leading nursing education institution, recognized and preferred at both national and international levels through its students, academic staff, educational programs and research.

One of the most important criteria for the quality of a university is high-quality undergraduate and postgraduate education. Since its establishment, our faculty has maintained high-quality nursing education and has made significant contributions to meeting the country's nursing workforce requirements. Postgraduate education forms the foundation for training new academic staff and for research and knowledge production. In this context, our faculty has pioneered the introduction of master's and doctoral programs in the TRNC. The Faculty of Nursing at Near East University operates at an international level; it currently hosts international students from various countries at undergraduate, postgraduate and doctoral levels, and offers these students the opportunity to study in English.

Our faculty is well-equipped to ensure that teaching and learning activities are conducted to the highest standards. Our institution is equipped with classrooms featuring state-of-the-art teaching resources and a well-equipped laboratory where students can carry out their nursing practicals. Students have the opportunity to undertake the clinical placements required by their courses at Near East University Hospital, which is built to international standards, equipped with advanced technology, and has been honored with numerous prestigious international awards.

In this day and age, when science and technology are advancing at a dizzying pace, I wish you a successful and productive academic year, confident that our faculty will continue and further develop its high-quality work in the fields of education and research.

Prof. Dr Ümran Dal Yılmaz

Dean of the Faculty of Nursing

About Us

The Faculty of Nursing at Near East University (YDÜ) commenced four-year undergraduate and postgraduate programs in the 2007–2008 academic year as the Department of Nursing within the Faculty of Health Sciences at YDÜ. From 2008 onwards, it began offering a PhD program in Nursing. Since 2018, it has continued to provide education and teaching as the Faculty of Nursing. Our faculty has grown into a large institution, serving over 1,300 students through its Turkish and English-language programs.

With its educational facilities and strong academic staff, Near East University possesses an international identity and a long-standing educational tradition. Since 1988, it has served as a center for education, science and culture. Alongside world-class educational and infrastructure facilities, Near East University demonstrates an international and multicultural identity through its highly qualified academic staff. Standing out as the Mediterranean's foremost center of science and culture, Near East University has adopted as its guiding principle the nurturing of students into self-assured individuals who priorities responsibility above all else, and who are rational, creative, innovative, inquisitive and possess a free spirit.

With this vision, Near East University is achieving significant successes at an international level. In 2025, in the Times Higher Education (THE) World University Rankings, it secured a place in the 601–800 band, retaining its title as 'the best university in the TRNC' and consolidating its position within the top five in Turkey and the top three amongst foundation universities. In the US News & World Report's "Best Global Universities 2024–2025" list, Near East University ranks 689th globally, 7th in Turkey and 1st in the TRNC.

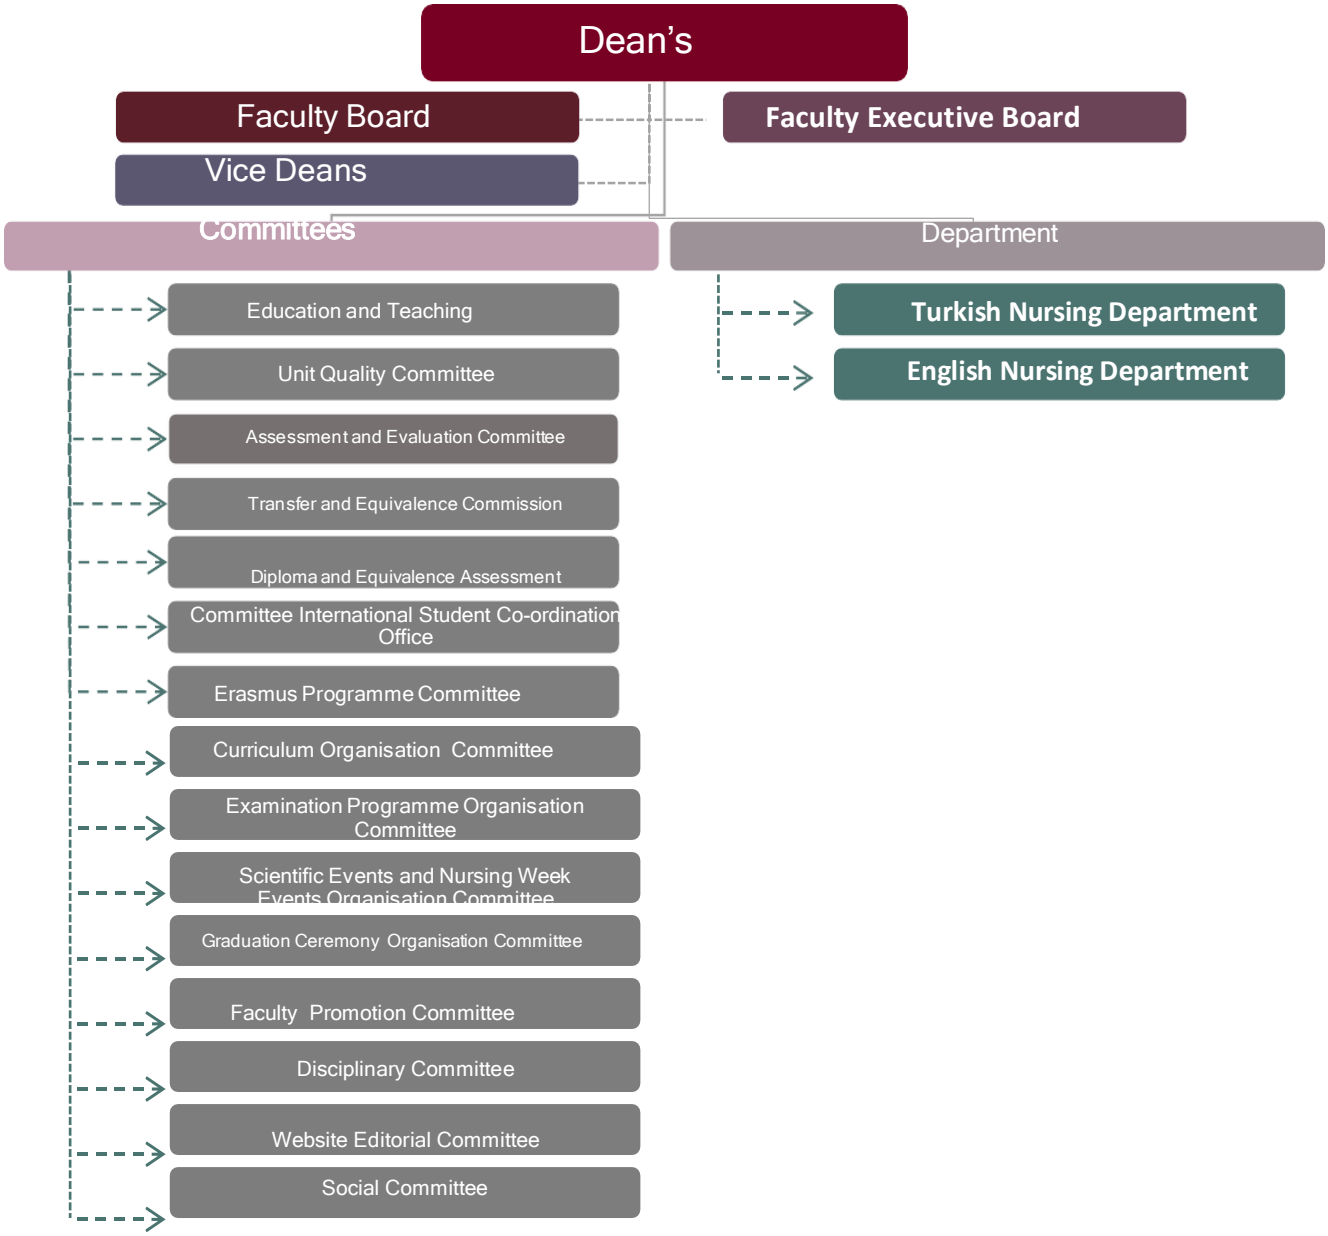

According to the results of THE's 2025 Impact Rankings, our university is 43rd in the world for its work towards the United Nations Sustainable Development Goals, 35th in the 'Partnerships for the Goals' category, 48th in 'Good Health and Well-being', 13th in 'Quality Education', 15th in "Sustainable Cities and Communities", and 57th in "Gender Equality". Furthermore, in the subject-specific assessment: Physical Sciences 200–250, Computer Sciences 250–300, Engineering and Education 300–400, Social Sciences 500–600, Life Sciences in the 600–800 band, and Medicine and Health in the 800–1,000 band. In particular, it shares the title of 'best Turkish university' in the fields of Physics and Computer Science within Turkey and the TRNC.

In the World Young University Rankings (Young University Rankings 2024), the university has also secured a strong position amongst young universities thanks to its performance in the areas of teaching, research and international outlook.

The 2024 ranking results have highlighted Near East University's young, dynamic and research-focused structure on an international level. In the 'Young University Rankings 2024' published by Times Higher Education (THE), our university ranked 139th globally amongst universities under 50 years old, placing it amongst the leading institutions in this category.

Our university has also achieved significant success in the 2024 Subject-Based Academic Rankings published by the Shanghai Ranking. Near East University, which ranks amongst the top 400 universities worldwide in the field of Physics, has been recognized as one of Turkey's leading universities in this field, alongside Boğaziçi University and Bilkent University. In the field of Mathematics, it ranked in the 401–500 band, placing among the top three universities in Türkiye. These rankings reflect Near East University's strong research infrastructure in the basic sciences, its highly qualified academic staff and its publication performance, which is recognized at a global level.

Faculty Organisation Chart

Why the Faculty of Nursing?

The Faculty of Nursing provides our valued students with a high-quality educational environment by offering programs that are in line with contemporary requirements and are constantly updated, delivered by a competent and experienced academic staff.

The undergraduate program and lateral transfer opportunities available within the Faculty enable you to discover your own interests and talents, whilst helping you gain access to a wide range of career opportunities at both national and international levels after graduation.

Our Faculty offers both Turkish and English as languages of instruction; in particular, the English-taught program prepare you for the global labor market and enhance your chances of employment with international organizations and institutions.

Thanks to the strong channels of communication established between our academic and administrative staff and our students, you have the opportunity to convey any views, suggestions and needs regarding the educational process directly to your academic advisers and the faculty management.

Our faculty aims not only to support your academic development but also to strengthen you socially through organized social events and club activities. The faculty management supports the entrepreneurial spirit of student clubs and contributes to the development of our students' leadership skills through social responsibility projects.

Furthermore, the peaceful campus life, combining Near East University's modern infrastructure with the cultural richness of Cyprus, offers a productive educational and living environment that will support your personal development.

Qualification Awarded

Students who successfully complete the program are awarded a Bachelor's Degree in Nursing.

Admission Requirements

Admission to this bachelor's degree program, in accordance with the regulations set by the Turkish Council of Higher Education (YÖK), is based on the university entrance examination known as the YKS. After students have submitted their academic program preferences, the Student Selection and Placement Centre (ÖSYM) places students into the relevant program according to the marks they have achieved in the ÖSYS.

Graduation Requirements and Regulations

The language of instruction is Turkish and the duration of the program is four years. In order to graduate from this undergraduate program, students must have a Weighted Cumulative Grade Point Average (CGPA) of at least 2.00 out of 4.00 and must have completed all courses in the program with a minimum grade of DD/S. The minimum number of ECTS credits required for graduation is 240.

Recognition and Assessment of Prior Learning

Full-time students at Near East University may be exempted from certain courses in accordance with the relevant regulations. If the content of a course previously taken at another higher education institution is equivalent to a course offered at NEÜ, the student may be exempted from that course following an assessment of the course content and with the approval of the relevant faculty or institute.

Program Information

The aim of the Undergraduate Nursing Program at Near East University is to train nurses who have acquired scientific understanding and competence, are able to integrate their knowledge and professional skills, and possess the necessary knowledge, skills and attitudes to provide comprehensive, high-quality and modern nursing services in national and international healthcare organizations, as well as an awareness of the need to protect, develop and improve public health.

Program Learning Outcomes

1. Can identify an individual's physical, psychological, spiritual and socio-cultural characteristics.
2. Understands the structure, functions and interrelationships of the human body at both the micro and macro levels.
3. They can apply scientific knowledge based on the fundamental principles of medicine, the natural sciences, and the social and behavioral sciences.
4. They can provide nursing care using a holistic approach to protect and promote the health of individuals, families and communities, and to address health-related issues.
5. They can utilize interpersonal communication skills in nursing practice.
6. They can keep abreast of and utilize innovations in knowledge and technology for personal and professional development.
7. They can use English to access and contribute to the international nursing literature.
8. They can conduct the scientific research process with the aim of contributing to the body of knowledge in the field of nursing and devising solutions to existing problems.
9. They can apply the learning and teaching process to nursing practice.
10. They carry out nursing practice in accordance with legal and ethical principles.
11. Can identify the patient's nursing care needs and specific circumstances.
12. Can apply the cognitive and psychomotor skills required for nursing practice.
13. Can apply critical and creative thinking and problem-solving skills in nursing practice.

14. Can apply knowledge relating to management activities involved in the planning, organization, implementation, evaluation and coordination of nursing services.

15. Can demonstrate a commitment to lifelong learning.

16. Can collaborate and demonstrate leadership with individuals, families and the healthcare team in nursing practice.

Title to be Awarded to Graduates of the Faculty of Nursing

Graduates of the Faculty of Nursing will be awarded the title of nurse.

Program Structure

The Bachelor's degree program in Nursing comprises a total of 240 ECTS credits, consisting of 45 compulsory and 18 elective modules. Excluding common compulsory modules and elective modules, there are at least four modules per semester. The program includes common compulsory courses determined by the Turkish Higher Education Council (YÖK) and other common courses determined by the University Senate. In each semester, students may take elective courses from other faculties in addition to those offered by their own faculty. Students are required to take 30 ECTS credits' worth of courses each semester.

The list of compulsory and elective courses for the four-year program is presented below:

Further Information

COURSES OFFERED ACROSS THE UNIVERSITY		
	COURSE CODE AND TITLE	COURSE INFORMATION
UNIVERSITY COMMON COURSES	Campus Orientation	To familiarize themselves with campus life at NEU, students enroll on this course at the start of the first term of their first year.
	Career Planning	Students enroll on this course at the start of the second term of their first year at the start of the second term of their first year.
	Cypriot History and Culture	This course is taken by students in their first year and aims to help to familiarize themselves with local history and culture.
COMMON COMPULSORY COURSES SET BY THE HIGHER EDUCATION COUNCIL	Turkish Language I–II	These courses are compulsory in all associate degree and bachelor's degree program in Turkey, in accordance with Higher Education Legislation.
	Principles of Atatürk and History of the Turkish Revolution I–II	These courses are, in accordance with Higher Education Legislation, These are compulsory modules that must be offered in all associate degree and bachelor's degree programs in Turkey.
	Foreign Language (English) I–II	These courses are taught in the first and second semesters and are delivered in accordance with the curriculum

A total of 240 ECTS credits must be completed in order to graduate. Nursing students must complete both technical and non-technical elective modules to achieve a total of 240 ECTS credits. Otherwise, they will not be deemed to have fulfilled the requirements for graduation from the program.

If you require support to access these courses due to any disability, please contact the Accessibility Support Unit. Contact: engelsiz@neu.edu.tr

Examination Guidelines, Assessment and Grading

For each course taken at YDÜ, students are awarded one of the letter grades described below, based on the assessment carried out by the academic staff member teaching the course. Each letter grade corresponds to a specific ECTS weighting.

The table below provides information on letter grades, their weights and ECTS equivalents:

GRADE RANGE	LETTER GRADE	GRADE POINT	ECTS GRADE
90–100	AA	4.0	A
85–89	BA	3.5	B*
80–84	BB	3.0	B*
75–79	CB	2.5	C*
70–74	CC	2.0	C*
60–69	DC	1.5	D
50–59	DD	1.0	E
49 and below	FF	0.0	F

*A higher weighting is applied to letter grades marked with an asterisk.

To be considered to have passed any course, students must achieve at least a DD in Level 5 (foundation) and Level 6 (undergraduate) programs, at least a CC in Level 7 (postgraduate) programs. For courses not included in the overall average, students must achieve an S (Satisfactory) grade.

In addition, each local letter grade has a corresponding ECTS grade. This facilitates mobility between institutions.

The table above is used for all courses at EMU. In addition to these letter grades, the following letter grades are also recorded on students' academic transcripts:

I	Incomplete
S	Satisfactory Completion
U	Unsatisfactory
P	Successful Progress
NP	Insufficient Progress (Not Successful Progress)
EX	Exempt
NI	Not included
W	Withdrawn
NA	Never Attended

An 'I' (Incomplete) mark is awarded to students who, for a valid reason accepted by the academic staff teaching the course, are unable to fulfil the course requirements by the end of the relevant term. Students who receive an 'I' mark must complete all outstanding work no later than one week after the final submission deadline for the course marks for the relevant term.

must fulfil their obligations. However, in certain exceptional circumstances, this deadline may be extended by a decision of the relevant academic unit head and the Executive Board to two weeks

. Students who fail to fulfil their obligations by the specified date will have their 'I' marks automatically converted to 'FF' or 'U'.

An 'S' (Satisfactory) mark is awarded to students who pass non-credit-bearing courses.

An 'U' (Unsatisfactory) mark is awarded to students who fail non-credit-bearing courses.

A 'P' (Successful Progress) mark is awarded to students who demonstrate the expected performance during the relevant term in non-credit-bearing courses where the requirements extend beyond a single term and which are not included in the overall grade point average.

An 'NP' (Not Successful Progress) mark is awarded to students who fail to demonstrate the expected performance during the relevant term in non-credit-bearing courses where the requirements extend beyond a single term. An 'EX' (Exempt) mark is awarded to students who are exempt from the relevant course within the program.

The 'NI' (Not included) mark is awarded for students' performance in courses they have taken but which are not included in their overall grade point average. These marks are shown on the student's transcript but are not counted towards the courses taken as part of their registered program.

A 'W' (Withdrawal) grade is awarded if a student withdraws from a course following the course add/drop deadline for the relevant term and up to 10 weeks after the start of the term, subject to the recommendation of their academic adviser and the permission of the academic staff member teaching the course. Students may not withdraw

from any course during their first two terms of the program. Furthermore, students who have previously received a 'W' grade in any course—and where that grade is not included in the average

may not withdraw from the same course again. Students enrolled in associate degree programs may withdraw from a maximum of two courses, whilst those in bachelor's degree programs may withdraw from a maximum of four courses. The student is obliged to retake the course from which they have withdrawn in the first term in which it is offered.

An NA (Never Attended) mark is awarded to students who have failed to meet the attendance requirements for a specific course and have forfeited their right to sit the end-of-term assessments. The NA mark is not included in the calculation of the average.

Students' academic transcripts show letter grades corresponding to both the national and ECTS credit loads.

Graduation Requirements

To graduate from this undergraduate program, students must fulfil the following requirements:

- To pass all courses included in the program's curriculum by earning a minimum of 240 ECTS credits and achieving a minimum grade of DD/S.
- Achieve a Weighted Cumulative Grade Point Average (CGPA) of 2.00 out of 4.00.

Academic Calendar

In this section, you will find the key dates applicable to the relevant academic year. The academic calendar contains critical information regarding course registration, term start and end dates, exam weeks, public holidays and other academic processes.

Students are strongly advised to examine the calendar carefully and keep track of the dates to ensure they can plan their studies effectively. The calendar, which is updated at the start of each term, is also available on the faculty website or from the Student Affairs Office.

2026–2027 Fall Term	
1 July 2026; Wednesday	Start of clinical rotation placements for Year 6 students at the Faculty of Medicine
7 September 2026; Monday	Start of lectures for Year 4 and 5 students at the Faculty of Medicine
7–11 September 2026; Monday–Friday	Allocation of lectures to academic staff
8 September 2026; Tuesday	Deadline for First Tuition Fee Payments (First instalment of annual lump-sum and instalment payments)
10–14 September 2026; Thursday–Monday	Activation of courses
14 September 2026; Monday	Start of Lectures for Years 2 and 3 of the Faculty of Medicine
14 September 2026; Monday	English Preparatory School and Turkish and Arabic Proficiency Exams for Undergraduate Students
14–18 September 2026; Monday–Friday	Course Enrolment
17 September 2026; Thursday	First English Proficiency Exam of the Term for Postgraduate Students
18 September 2026; Friday	Deadline for postgraduate thesis panels
21 September 2026; Monday	**Start of Courses (including all Language Preparation Schools)**
28 September 2026; Monday	Start of Term 1 for the Faculty of Medicine

29 September 2026: Tuesday	Exemption Exams for Common Modules (English-taught programmes)
1 October 2026: Thursday	Exemption Exams for Core Modules (Turkish-taught programmes)
7 October 2026: Wednesday	Last day to change 'I' (Incomplete) marks from the previous term
9 October 2026: Friday	Last day for international students to withdraw from courses
9 October 2026: Friday	Last day to add or drop courses
23 October 2026; Friday	Last Day for Late Enrolment
29 October 2026; Thursday	Public Holiday
6 November 2026; Friday	New Enrolment Last Day for International Students to Add or Drop Courses
8 November 2026; Sunday	Deadline for the 3rd instalment of the annual 8-instalment tuition fee payments
7–14 November 2026; Saturday–Saturday	Mid-term Exams
15 November 2026; Sunday	Public Holiday

Enrolment and Admissions

Student Services is located in the Faculty of Health Sciences building and is open Monday to Friday from 08.00 to 17.00. Students can obtain information about faculties from Student Services, enroll on courses, and obtain documents such as examination admission certificates, student ID cards and transcripts.

Course Enrolment

Course enrolment procedures are carried out online each term. After paying their termly fees, students can select their courses via the online enrolment system at http://ogrsis.neu.edu.tr. To access this site, each student is provided with a student ID number and a personal password by the faculty secretariat. After selecting their courses online via the system, students must obtain approval from their academic advisers via the same system. The relevant enrolment process is also detailed on the university's website. However, students who have not paid their tuition fees and have not submitted their payment receipts to the Student Affairs Office cannot carry out active transactions on the online system. The enrolment process is finalized by the department's academic advisers.

However, course registration is also carried out in the relevant departments in consultation with academic advisers. Students may meet with their academic advisers during the periods specified in the academic calendar to obtain information about their courses and select their modules.

Course Add/Drop and Withdrawal

Course Add/Drop and Withdrawal dates are set for each term and published in the academic calendar. During this period, students have the opportunity to attend the courses they are enrolled in and, if they wish, to change their course selection by adding or dropping courses. Course withdrawal, changes or additions can only be made within the timeframe

calendar. Students may consult their academic advisers to carry out the requested procedure.

Horizontal and Vertical Transfers

Students wishing to transfer via horizontal or vertical transfer must apply to the Student Affairs Office. Once the student's application has been approved, they must submit their academic transcript from their previous university to the department to which they have been admitted. Before the student commences their studies, the Department Chair/Dean and the appointed academic adviser will assess whether the courses taken at their previous university are recognized as equivalent to those in this department. (For citizens of the Republic of Turkey, you may consult the Higher Education Council's regulations and the university's legislation regarding transfer rules to Near East University at the addresses provided:

http://www.yok.gov.tr/4767

Contacting Academic Staff

Subject	Description
Course Materials and Content	All course materials, weekly content and announcements are available on the UZEBIM platform are : https://uzebim.neu.edu.tr/
Contact via email	You can contact academic staff via their institutional email addresses.
Face-to-Face Meetings	Visits can be arranged during the office hours indicated on the doors of the Faculty of Nursing and its academic staff, located on the 4th floor of the Faculty of Health Sciences building.
Academic Staff Information	You can access the CVs and contact details of academic staff at the following address: https://NURsirelik.neu.edu.tr/kisiler/akademik-personel/

Student attendance and excuses

Students are required to attend at least 70 per cent of the teaching hours for each course. Medical certificates obtained from the Near East Hospital or a state hospital are accepted as valid excuses for absence. If a student is unable to sit an examination, they must submit their medical certificate within three working days following the examination date; otherwise, the student loses the right to sit a make-up examination. Students must check the resit exam schedule on the university's announcements page or the lecturer's personal page. If a student misses a previously announced resit exam date, they lose their right to sit the exam.

Student Affairs

The Student Affairs, Admissions and Student Accounts Units are responsible for maintaining students' records relating to their academic journey from initial enrolment to graduation, providing information on payment

procedures, guiding students in accordance with relevant regulations, and managing student documentation processes.

Our Student Affairs Enrolment and Admissions Unit handles enrolment and admissions procedures (pre-enrolment, final enrolment, course registration, etc.), student documentation procedures (student certificates, transcripts, etc.), lateral transfer procedures, emigration procedures, deferral of military service, deregistration/termination of enrolment, academic leave procedures, student ID card applications, and the acceptance of student petitions, YÖKSİS procedures for Turkish citizens (e-Government), KKTC-YÖKAS procedures (higher education registration system), student information system updates, official correspondence regarding student affairs, student announcements and graduation procedures (Graduation Certificate / Diploma / Graduate Transcript, etc.) are carried out.

Our Student Affairs Accounting unit, meanwhile, handles student fee payment transactions (tuition fees, social activities, work placements, stamp duty, transcript fees, etc.), payment method options (lump sum or instalments), determining student statuses (active, inactive students, etc.), term registration procedures, course approval for postgraduate and doctoral programs, approval of admission documents for mid-term, final and resit examinations, and the assessment of accounting requests.

Student Affairs Office Opening Hours:

Monday – Friday, 08:00 – 17:00. Closed on public holidays.

Campus Life

Library

Located directly opposite the Faculty of Economics and Administrative Sciences building, the Main Library, with 1,000,000 open-shelf volumes,

more than 150,000,000 electronic journals, 7,000 DVDs, 17 film viewing booths, 12 individual and group study rooms, four lecture theatres seating 1,000 people, a 350-seat theatre, a 600-seat cafeteria and 600 study desks. As such, it is a world-class cultural information and access center. The Grand Library is open 24 hours a day and is free of charge. Equipped with the latest digital technology, the Information Centre can be accessed from anywhere via the internet. Within the campus, a wireless computer network allows access to any required information.

Social Activities and Clubs

During their studies, students can also attend conferences organized by the university from time to time and engage in social interactions by participating in club activities. Some of the clubs operating within the university include the

Law Club, the Nature and Sports Club, the Scientific Research and Health Club, the Theatre Club, the Photography Club and the Tango Club. Detailed information about the clubs is available at https://neu.edu.tr/kampusteyasam/sosyal-ve-kulturel-kulupler/. Students can also keep an eye on the school's website to find out about the conferences held regularly.

The university also houses an Olympic-standard indoor swimming pool, which covers an area of 2,700 square meters, stands 16 meters high, measures 50 by 21 meters, holds 3,100 tones of water, features a central heating system, has a spectator capacity of 1,000, and is equipped with 3-, 5-, 7- and 10-metre diving platforms, as well as modern interior fittings. With these features, it is the country's first and only Olympic Indoor Swimming Pool. Since it opened, swimming courses have been organized during both the summer and winter seasons. For opening hours and further details, please visit https://neu.edu.tr/kampusteyasam/olimpik-kapali-yuzme-havuzu/.

Psychological Counselling Service

The University has been providing free psychological counselling services to students since 1995. The Counselling Centre is located on the first floor of the Faculty of Law building. The Centre operates on an appointment basis and is open every weekday from 9.00–13.00 and 14.00–16.00.

Student Dean's Office

The Dean's Office for Students aims to create the environment necessary for a productive, active and high-quality university life, where our students and alumni feel fully integrated with the university, experience the university's support in every area for their personal, cultural, social and professional development, find solutions to all their problems, and experience the joy and pride of being part of Near East University. The Dean's Office for Students is an integral part of Near East University throughout the duration of students' studies; by providing services, programs and various opportunities, it supports our students not only in acquiring a profession but also in preparing for life, enhancing their knowledge alongside their qualifications, and instilling a sense of confidence in the hands that will shape the future.

The Student Counselling and Communications Unit, the Psychological Counselling Unit, the Student Activities Unit, the Neu ideas Unit, the Career Planning Unit, the Social Responsibility Projects Unit, the Unit for Students with Disabilities and the Alumni Unit are all units under the Office of the Dean of Students.

If you require support to access lectures due to any disability, please contact the Accessibility Support Unit. Contact details: engelsiz@neu.edu.tr

Student Counselling and Communications Unit

When students find themselves unable to fulfil their academic obligations due to circumstances beyond their control or unforeseen reasons, they may submit any issues or concerns via the online petition system. Petitions regarding refunds, academic matters, job applications, accommodation and financial matters can be sent to the email addresspetitions@neu.edu.tr , and assistance will be provided to resolve students' issues.

Sports Facilities

The extensive sports facilities available on our university campus offer students, academics and all staff the opportunity to embrace and promote a healthy lifestyle. Our modern facilities, including an Olympic-sized swimming pool, tennis courts, a football pitch, a gymnastics hall and indoor and outdoor sports halls, provide an ideal environment for anyone wishing to participate in a variety of sports.

Our facility, which is the country's first and only Olympic-standard indoor swimming pool, is equipped with a spectator capacity of 1,000, modern interior fittings and a café. In addition to various sporting activities such as water polo, high diving and synchronized swimming, swimming lessons are also held here.

The Sports Tower, meanwhile, is a sports center catering to all age groups, equipped with the latest technological equipment and supervised by expert instructors. It offers a wide range of sports activities, including fitness, step, aerobics, spinning, TRX, Kangoo Jumps and Total Body, whilst also providing group sessions in Pilates, yoga, boxing and karate, as well as specialized dance training. In addition to sports nutrition and dietitian services, there are also dedicated sections for children and women.

RA25 Sports Hall, meanwhile, facilitates the organization of sports such as basketball, handball, volleyball and badminton, whilst also hosting various ceremonies and concerts thanks to its specialized sound system.

Detailed information regarding sports activities is available on the website:

https://neu.edu.tr/kampuste-yasam/spor/

https://neu.edu.tr/wp-content/uploads/2018/12/21/spor-kule-brosur-21.12.18.pdf

Atatürk Culture and Congress Centre (AKKM)

Prioritizing quality and effectiveness in education, Near East University has established the Atatürk Culture and Congress Centre on our campus to achieve these objectives. This modern center has been carefully designed to host congresses, seminars, meetings, conferences and cultural events at both national and international levels.

The AKKM serves as a platform catering not only to students but also to academics, experts and the wider community. Meeting rooms of various sizes are equipped with modern audio and visual systems. Campus life, enriched by art exhibitions, concerts, theatre performances and other cultural events, ensures that students, staff and the wider community engage not only with academic studies but also with culture and the arts.

Further information is available on the institution's website:

https://neu.edu.tr/kampuste-yasam/ataturk-kultur-ve-kongre-merkezi/

Restaurants and Cafeterias

The Near East University campus features a wide range of dining facilities designed to meet diverse needs. Various venues, including the Central Cafeteria, Faculty Cafeterias, Hospital Cafeteria and other units capable of serving up to 4,500 people simultaneously, offer high-quality and budget-friendly food and drink options to students, staff and external visitors alike. A total of 22 canteens, cafés and restaurants across the campus promote a culture of healthy eating and offer a wide range of dishes, including vegetarian and vegan options.

These services and outlets:

Cafe Hospital 1, Cafe Hospital 2, Cafe Bigla, Cafe Dental, Cafe Pharmacy, Cafe Saray, Chicken House, Cafe Library, Cafe Bridge, Cafe Veterinary, Gusto Cafe, Cafe Health, Vitamin Cafe, Cafe 535, Cafe AKKM, Book Cafe, Cafe Laundrette, Hospital Restaurant, Kebap House, Pizza Pizza, The Kaffo, Bakery and Patisserie, and the 9th Kat Restaurant.

For further information, please visit our university's website:

https://neu.edu.tr/kampuste-yasam/kantin-ve-kafeteryalar/

Market &

Supermarket IKAS

Supermarket

The İKAS Supermarket on our campus serves campus residents with a wide range of products and extended opening hours. In addition, there is an IKAS supermarket branch located beneath the first hall of residence on campus to cater to our students' needs.

Opening Hours:

Weekdays/Weekends: 7.30 am–10.00 pm

IKAS Supermarket Express

IKAS Supermarket Express, operating within the Yakın Doğu Akaryakıt petrol station at the Yakın Doğu Campus, is open 24 hours a day, 7 days a week. The IKAS Supermarket discount offered to Yakın Doğu Organisation staff is also valid at this store.

NEU Event Park Drift Area

Opening its doors to those seeking to experience speed, control and excitement all at once, the NEU Event Park Drift Area promises an unforgettable driving experience. Under the guidance of two professional instructors who are experts in their field, at NEU Event Park you will not only learn how to drift, but also improve your skills in safe and effective driving techniques. Items such as tires and petrol are included in the training packages. Each session lasts 30 minutes.

Neu Event Park offers four distinct training packages to suit different needs. What's more, there's an opportunity for families wishing to instill a passion for motoring from a young age: with a manual driving course specially designed for children aged 6–12, even the little ones can get behind the wheel!

Visitors from abroad are offered the chance to learn the basics of drifting in a short space of time through three-lesson intensive programs.

All participants who successfully complete the training programs (excluding tourist guests and children's programs) are awarded a certificate of participation to mark this special experience.

Special events such as birthday parties and concerts are also held at the NEU Event Park Drift Area.

Opening Hours:

Weekdays 16.00–21.00

Weekends 09.00–21.00

Closing times may be adjusted to accommodate special events or requests.

For more detailed information on packages and pricing:

Tel: 0548 821 21 24

Accessible Cinema Auditorium

The renovated 'Accessible Cinema' auditorium at Near East University's Faculty of Communication offers a modern and accessible experience for film enthusiasts and event attendees. Launched in 1997 with the support of Telsim and having undergone a comprehensive refurbishment this year, the auditorium is now far better equipped and more comfortable.

With a fixed seating capacity of 40, the Accessible Cinema stands out for its flexible design, which can be expanded to accommodate up to 60 people when required. It features state-of-the-art projection equipment for film screenings and inputs compatible with all computers. A powerful speaker system elevates the audio experience to the highest level.

One of the cinema's key features is the accessible ramp, which runs seamlessly from outside the building right up to the seats, designed to facilitate access for people with disabilities. This ensures that all cinema-goers can enjoy a pleasant experience without encountering any barriers.

Accessible Cinema also offers the ideal physical conditions for mini-workshops and various events.

İKAS Patisserie & Bakery

IKAS Patisserie & Bakery, one of the most popular venues on the Near East University campus, welcomes guests with its rich selection of delicacies and pleasant atmosphere. With a total seating capacity of 40, the establishment features an indoor area for 20 and an outdoor area for 20, allowing you to enjoy pleasant moments both indoors and al fresco.

IKAS Patisserie & Bakery not only meets all of Near East University's in-house requirements for cakes, pastries, buns, sweets and ice cream, but also offers fresh and delicious products to visitors from outside the university. In the near future, following the completion of its kitchen expansion works, it will begin producing its own bread. Furthermore, diet-friendly desserts and drinks specifically designed for athletes to consume before and after training will be produced for sale, catering to those who prioritize a healthy lifestyle.

With a wide range of hot and cold drinks to suit every taste, İkas Patisserie & Bakery also takes orders for special birthday cakes for your birthdays and other celebrations.

The establishment's garden has been designed to ensure you can enjoy a pleasant time there all year round. In the

summer months, you can enjoy the garden under cool, shaded areas, whilst in the winter months you can relax by cosy fireplaces.

Offering car parking for its guests, İkas Patisserie & Bakery particularly invites those looking for a peaceful breakfast at the weekend. You can get your day off to a brilliant start with a selection of hearty classic and English breakfasts, served until lunchtime on Saturdays and Sundays.

Opening Hours:

Weekdays/Weekends: 07.00–01.00

Photocopying Services

Photocopying and printing services are available at various locations for Near East University students and staff. These centers, located across the campus, aim to provide fast and reliable solutions tailored to students' educational and academic needs.

There are photocopying centers, particularly in faculties where there may be a high demand for printouts, such as the Faculty of Architecture, the Faculty of Medicine and the Faculty of Education. These centers offer services tailored to specific printing needs, such as large-format AutoCAD printouts for architecture students.

Furthermore, thesis binding facilities—an important service for students preparing their theses—are also among the services on offer. In addition to basic services such as photocopying and printing, document scanning and various binding options are also available. There is a stationery shop at the Near East Library where you can access services such as photocopying and thesis binding.

Banks & ATMs

Our campus features branches of Near East Bank and Türkiye İş Bankası, as well as an ATM from Ziraat Bank. These bank branches and ATMs are conveniently located on campus to enable our staff and students to carry out their financial transactions with ease.

Post Office

The Post Office provides postal services to Near East University students and all staff; it is situated on campus to enable tNUR to send and receive post with ease.

Location: Ground Floor, Faculty of Economics and Administrative Sciences

Near East Petrol

The petrol station located on campus ensures that staff can meet their fuel needs quickly and conveniently. Furthermore, all Near East University staff benefit from discounted fuel services using the Near East Petrol discount card.

Further information regarding Near East Petrol can be found on the organization's website:

https://yakindoguakaryakit.com/

Useful Telephone Information

To find out more about telephone numbers at Near East University and to obtain the specific contact numbers for the department or service you require, please visit the institution's website for further details:

Campus Traffic Rules and Safety

The Near East University campus is subject to traffic rules established for the safety and comfort of our students, staff and visitors. These traffic rules are monitored 24/7 by YDÜ staff, and penalties are imposed where necessary.

A full understanding and adherence to these rules will help us to create a safer campus environment together.

Traffic Flow and Priority: Traffic on the YDÜ campus flows in the left-hand lane. Therefore, drivers must use the left-hand lane and observe the rules of way to allow other drivers to proceed comfortably.

Pedestrian and Cyclist Priority Campus: Give way to pedestrians and cyclists at pedestrian crossings and on cycle paths. By reducing your speed and proceeding with caution in these areas, you help to ensure a safe environment for pedestrians and cyclists.

Speed Limit: The maximum speed limit on campus is 40 km/h. Adhering to this limit makes a significant contribution to preventing accidents and ensuring general safety.

Horns and Loud Music: Honking your horn and playing music at high volume are prohibited on campus. Adhering to these rules helps to preserve the peace and quiet of those around you.

Traffic Signs and Road Markings: Traffic signs and road markings have been placed at numerous points across the campus to ensure a safe and orderly flow of traffic. Obeying these signs is essential for maintaining a safe flow of traffic.

Routes and Parking Areas: Using the designated routes on campus supports safe driving within the campus. Vehicles must be parked in the designated parking areas and in accordance with the rules.

Enforcement and Security: Traffic checks are carried out regularly. Security staff are on hand to monitor compliance with traffic rules on campus. Please follow their instructions and ask for assistance if necessary. Adhering to safety measures helps ensure that on-campus transport runs smoothly. Everyone's respect for these rules will help create a more peaceful and safe working environment on campus.

Transport Services

Near East University provides its staff with comfortable and free transport options, ensuring easy access to areas both on and around the campus. Our university's transport services include routes organised to suit staff members' lecture and working hours. Free university buses running from our campus to various areas and the city centre provide an extensive transport network. This service aims to promote environmentally friendly and shared travel by reducing car use. The free transport services provide significant support in making staff members' lives easier.

Campus–Nicosia and Nicosia–Campus Services: With the Campus–Nicosia and Nicosia–Campus services running in both directions between 06.45 in the morning and 22.15 in the evening, our staff can travel safely and comfortably between the campus and Nicosia. These services cover a wide range of routes. Detailed information on transport services and routes is available on the university's website: https://bus.neu.edu.tr/

Free Inter-City Shuttle Services: Near East University provides free shuttle services for staff travelling from various regions such as Kyrenia, Famagusta and Güzelyurt. These services are organized to ensure staff can reach the campus in comfort.

On-Campus Shuttle Services: Within the campus, a free shuttle service operates between the staff accommodation area and the faculties and other departments. These services enable staff to move quickly and easily around the campus.

Ease of Access within Walking Distance: The Near East University campus has been designed to enable staff to safely reach many locations within walking distance. Distances between classrooms, the library, the canteen and other key locations have been designed to ensure users can reach to quickly. The campus has been carefully designed to encourage physical activity and minimize the need for motorized transport. Furthermore, we provide various alternative modes of transport, such as bicycles and electric scooters, enabling staff to travel using environmentally friendly options.

Through these transport facilities, Near East University enables its staff to access events and resources on campus with ease. Whilst providing a safe transport network across its campuses, which span a wide geographical area, Near East University supports its staff in balancing their work and personal lives as efficiently as possible.

Near East University | Faculty of Nursing Student Information Brochure
Academic Year 2026–2027

WHO ARE YOU, WHERE ARE YOU?

- Year of Establishment: 2018
- Goal: To become a faculty recognised at an international level
- Total Programmes: 2 undergraduate, postgraduate and doctoral programmes
- Language of Instruction: Turkish and English
- Number of Students: 1,300+

GRADUATION REQUIREMENTS

- Complete all modules with a minimum grade of DD/S
- GPA: At least 2.00 out of 4.00
- 70 per cent attendance requirement
- Must take 12 elective modules

REGISTRATION & ADVISORY PROCESS

- Pay the tuition fee
- Register for courses via ogrsis.neu.edu.tr
- Obtain your academic adviser's approval
- Make any necessary changes during the 'add/drop' week, if required

CONTACT

- Dean's Office: +90 392 675 10 00 nursing.f@neu.edu.tr
- Student Affairs: 0392 223 6464 / 3131, huseyin.kuso@neu.edu.tr
